CLINICAL EXPERIENCE

- Neuropsychology Wisdom, PLLC** (Houston, TX) March 2017-Present
 Position: Private Practice Neuropsychologist
 Activities: Conduct independent neuropsychological examinations.
- Michael E. DeBakey Veterans Affairs Medical Center** (Houston, TX) July 2012-April 2018
 Position: Staff Neuropsychologist- Community Integration Program
 Activities: Conduct neuropsychological evaluations for both in- and out-patients referred by mental health, spinal cord injury, primary care, long-term care, and others. Patients present with a range of neurological syndromes and injuries including, but not limited to: dementia, traumatic brain injury, cerebrovascular accident, parkinsonism, demyelinating disease, seizure disorder, brain tumor, chronic pain, posttraumatic stress disorder, mood disorder, and somatoform disorder.
- Michael E. DeBakey Veterans Affairs Medical Center** (Houston, TX) August 2010-July 2012
 Position: Clinical Neuropsychology Postdoctoral Fellow
 Supervisors: Robert Collins, PhD, ABPP-CN, Nicholas Pastorek, PhD, ABPP-CN
 Activities: Conducted neuropsychological evaluations for both in- and out-patients referred by neurology, mental health, and polytrauma rehabilitation departments. Patients presented with a range of neurological syndromes and injuries including, but not limited to: dementia, traumatic brain injury, cerebrovascular accident, parkinsonism, demyelinating disease, seizure disorder, brain tumor, chronic pain, posttraumatic stress disorder, mood disorder, and somatoform disorder. Duties included conducting clinical interviews, selecting and administering appropriate measures, supervision of trainees, and conceptualizing and writing integrated reports. In addition, planned and conducted research projects examining cognitive heterogeneity of normal aging, malingering/effort testing, and validation of measures to better differentiate between epilepsy and psychogenic non-epileptic events. Also, provided individual psychotherapy and conducted

neuropsychological assessments in an inpatient spinal cord injury rehabilitation setting for patients presenting with a range of co-morbid psychiatric conditions including: posttraumatic stress disorder, bipolar disorder, major depressive disorder, anxiety disorder, personality disorder, and substance abuse/dependence. Other duties included: assisting with Wada evaluations; completing the medical neurosciences course through Baylor College of Medicine; and holding weekly targeted workshops for cognitive rehabilitation, sleep hygiene, academic skills, and chronic pain.

Yale University- Connecticut Mental Health Center (New Haven, CT) July 2009-June 2010

Position: Predoctoral Psychology Fellow

Supervisors: Keith Hawkins, PsyD, Michel Jean-Baptiste, MD, Lisa Cross, PhD

Activities: Provided individual psychotherapy in an inpatient psychiatric setting for patients presenting with a range of psychiatric conditions including: schizophrenia, schizoaffective disorder, posttraumatic stress disorder, bipolar disorder, major depressive disorder, personality disorder, substance abuse/dependence, primary insomnia, and psychogenic polydipsia. Other duties included providing psychological and neuropsychological assessments and case consultations in an inpatient setting. Also, received additional training at the West Haven VA in neuropsychological testing, functional neuroanatomy, and the neurological underpinnings of psychiatric disorders.

Comprehensive Community Rehabilitation Services (Tulsa, OK) September 2008-June 2009

Position: Psychology Extern

Supervisors: Terry Shaw, PhD, ABN

Activities: Conducted neuropsychological evaluations in a forensic setting for patients presenting with a range of injuries and sequela including, but not limited to: traumatic brain injury, brain tumor, chronic pain, dementia, learning disorder, posttraumatic stress disorder, and somatoform disorder. Duties included conducting clinical interviews, selecting and administering appropriate measures, and conceptualizing and writing integrated reports. In addition, planned and conducted research projects examining malingering, relationship between early attachment theory and somatoform disorders, and the shared characteristics between patients with chronic pain and patients with moderate to severe levels of anxiety. Also served as an information technology assistant with a range of activities including updating the website, software installation, and troubleshooting computer/printer/network problems.

OSU Psychological Services Center (Stillwater, OK) July 2007-July 2008

Position: Assistant Director of Assessment Services

Supervisors: Larry Mullins, PhD

Activities: Assistant director in charge of overseeing assessments being conducted in a Psychology Department clinic. Conducted cognitive and diagnostic assessments on both adults and children with a variety of presenting problems including dementia, attention-deficit hyperactivity disorder, learning disorders, schizophrenia, and anxiety and mood disorders. Additional duties included providing supervision for all assessments in the clinic, marketing, billing, managing staff, scheduling, conflict management, and other clerical work.

OSU Psychological Services Center (Stillwater, OK) August 2005-June 2009

Position: Psychological Associate

Supervisors: Thad Leffingwell, PhD (2005-2006), Frank Collins, PhD (2006-2007), LaRicka

Wingate, PhD (2007-2008), Matt Alderson, PhD (2008-2009)

Activities: Provided individual psychotherapy and conducted cognitive, diagnostic, and intake assessments for clients in a Psychology Department clinic. Supervised junior students in conducting individual therapy, cognitive assessments, and intake evaluations.

TEACHING EXPERIENCE

Psychology Intern Assessment Seminar (lectured on topics including ethics, test selection, and test interpretation)

Clinical Neuropsychology Case Conference/Didactic Series (lectured on topics including dementia, movement disorders, reliability/validity, test selection, ethics, parkinsonism, somatization, effort/malingering, and various case presentations)

Graduate Instructor Psychology and Law

Graduate Instructor Introduction to Psychology x8

Graduate Teaching Assistant Quantitative Methods x4
